

Technical Data

SILICONE OIL **PURE SILICONE OIL**

A clear, odourless, pure silicone oil for a wide range of anti-stick applications where a concentrated silicone lubricant is required.

- Pure silicone oil
- Non-flammable
- Does not contain solvents
- Non-toxic
- Odourless
- Excellent materials compatibility
- Repels water
- Low surface tension for good penetration of close tolerance parts
- Chemically stable
- High dielectric strength
- Wide temperature range: -40°C to +200°C

APPLICATIONS

Silicone Oil can be used in multiple applications such as:

- Lubrication of sliding plastic parts
- As a Fuser Oil in photocopiers/printers
- Polymer release agent
- Insulating of electrical systems

TECHNICAL DATA

Viscosity	:	100cst
Flammability	:	Non-Flammable
Product Code	:	6240008000
Packaging	:	1Ltr

STORAGE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 72 months with correct storage.

HEALTH AND SAFETY

Health and Safety sheet available separately.

TECHNICAL SERVICE

CRC Industries UK Ltd provides a technical support service and maintains a constant programme of research and development. We are able to assist customers by specific product development to meet particular requirements.

MISREPRESENTATION ACT 1967 TRADE DESCRIPTIONS ACT 1968

The information given in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which affect the use and performance of our products and for which reason no warranty is given, express or implied. Users should make their own tests to determine the applicability of such information or the suitability of any products for their own particular purposes. Statements concerning the use of the products described herein are not to be construed as recommending the infringement of any patent and no liability for infringement arising out of any such use is to be assumed.
