Technical Data

A general purpose solvent used for the removal of oil, grease, grime and carbon from metal surfaces.

FEATURES

- Controlled evaporation rate ensures extended contact time
- Excellent penetration and removal

APPLICATIONS

- General metal degreasing
- Rail approved product: 027/029302 & 027/029305

DIRECTIONS

- For use on metal machine tool and parts
- May also be used as a routine preventative maintenance
- Apply directly, in concentrated form
- Repeat if necessary
- Do not mix with other products
- Do not store the product at temperatures below 0°C

TECHNICAL DATA

: Clear, colourless liquid **Appearance**

S.G. @15C(ASTM D 4052) : 0.786

Distillation range(ASTM D 86) : 150 - 200C

Flash point (ASTM D 93) : 38°C minimum

KB value (ASTM D 1133) : 37

Evaporation rate (n-butyl : 11

acetate=100)

Benzene content (GC) : <50 mg/kg

Sulphur content (ASTM D4045) : 5 mg/kg maximum

STORAGE

The product may be stored at normal ambient temperatures and has a shelf life of not less than 72 months with correct storage. Do not store the product at temperatures below 0°C.

HEALTH AND SAFETY

Health and Safety sheet available separately.

TECHNICAL SERVICE

CRC Industries UK Ltd provides a technical support service and maintains a constant programme of research and development. We are able to assist customers by specific product development to meet particular requirements.

MISREPRESENTATION ACT 1967 TRADE DESCRIPTIONS ACT 1968

The information given in this publication is based on our experience and reports from customers. There are many factors outside our control and knowledge which affect the use and performance of our products and for which reason no warranty is given, express or implied. Users should make their own tests to determine the applicability of such information or the suitability of any products for their own particular purposes. Statements concerning the use of the products described herein are not to be construed as recommending the infringement of any patent and no liability for infringement arising out of any such use is to be assumed.
